

Number of Registered: 68

C501

5th Int. Conf. on Flow Processes in Composite Materials

AS OF: 20/07/2010 09:29:36

Suresh Advani - University of Delaware

Rafael Avila - Imperial College

Georg Bechtold - University of Kaiserslautern

David M Binding - University of Wales, Aberystwyth

Joel Breard - Ecole Polytechnique of Montreal

Rory Canavan - British Aerospace Airbus Ltd

Zuzana Dimitrova - Instituto Superior Tecnico

Mahmoud Dweib - National University of Ireland

Jig Fagura - Optimat Ltd

Kim Fisher -

Stephen Grove - University of Plymouth

Johan Hakanson - Chalmers University of Technology

Alan Hannigan - University of Limerick

Spencer Jones - University of Wales

Ajit D Kelkar - North Carolina A&T State University

Michael Koeford -

Tina Lekakou - University of Surrey

Xiao-Lin Liu -

Yiwen Luo - Katholieke Universiteit Leuven

Patrick Mallon - University of Limerick

Alistair McIlhagger - University of Ulster at Jordanstown

Veronique Michaud - Lab de Technologie des Composites et
Polymeres

David Mulligan - National Physical Laboratory

Conchur O'Bradaigh - National University of Ireland

David Rees - Brunel University

Francois Robitaille - University of Nottingham

Tim Searle - University of Plymouth

Thomas Selerland - Imperial College

Eoin Simon - Engineering Systems International B.V.

John Summerscales - Reader in Composites Engineering, School of
Engineering

Fernando Torres - UMIST Polymer Engineering

Fredrik Vahlund - Swedish Institute of Composites

Jun Xing - University of Southampton

T H Youssef - National Research Centre

Sandro Amico - University of Surrey

Robert Banim - British Aerospace

Debes Bhattacharyya - University of Auckland

Sven Branehog -

Stephen F. Bush - UMIST Polymer Engineering

Mohend Chaouche - LMT-Cachan

Mina Djalil-Moghaddam - Chalmers University of Technology

Russell Dykes - University of Auckland

Angiolo Farina - Dipartimento Di Matematica

Andrew Frampton - GKN Westland Aerospace

Felicity Guild - University of Bristol

Hiroyoki Hamada - Kyoto Institute of Technology

Gary Holden - British Aerospace

T E R Jones - University of Plymouth

Patrick Klein - Universitat Kaiserslautern

Wiard Leenders - Delft University of Technology

Seong Taek Lim - Seoul National University

Staffan Lundstrom - Chalmers University of Technology

Paul MacKenzie - McLaren Composites Ltd

G. Peter Matthews - University of Plymouth

Turlough McMahon - University of Limerick

Umar Mohammed - University of Surrey

John Muzzy - Georgia Institute of Technology

Richard Parnas - NIST

Rhys Roberts - University of Limerick

Ronan Rogers - National University of Ireland

Gilles Sebe - University of Wales

David Short - Advanced Composites Manufacturing Centre

Tony Spencer - University of Nottingham

Staffan Toll - Chalmers University of Technology

Francois Trochu - Ecole Polytechnique Montreal

Ken Walters - University of Wales

Atsushi Yokoyama - Kyoto Institute of Technology

Zhong Zhang - Loughborough University

Number of Delegates **68**
